

FEMOLENE ULTRABERRY

SUPPORTS URINARY TRACT HEALTH

SCHEDULING STATUS:

Will be allocated upon registration.

PROPRIETY NAME AND DOSAGE FORM:

FEMOLENE UltraBerry Capsule.

COMPOSITION:

Each tablet contains:

Active ingredient: Cran-Max® 500mg equivalent to 17000 mg of cranberry extract.

Inactive ingredient: Magnesium Stearate.

PHARMACOLOGICAL CLASSIFICATION:

D18.10 (Other).

PHARMACOLOGICAL ACTIONS:

Cran-Max® is an all-natural concentrate potent whole fruit cranberry extract. It is made from 100% of the cranberry, with no preservatives, carriers, solvent, sugars, water, flavorings or added color.

FEMOLENE UltraBerry is formulated using Cran-Max® extract which features a patented technology called Bioshield. Bioshield protects the bioactive components of the Cran-Max® from being degraded by digestive fluids in the stomach allowing the FEMOLENE UltraBerry to adhere to the bacterial hairs, preventing the bacteria from implanting into the urethral and bladder lining and so supports and maintain a healthy urinary system.

INDICATIONS:

FEMOLENE UltraBerry is indicated as an all-natural concentrated whole fruit cranberry extract that supports a healthy urinary tract system.

CONTRAINDICATIONS:

Cran-Max is contraindicated to patients/people who are alcohol dependency or patients with liver disease. Diabetics and patients with kidney stones.

WARNINGS AND SPECIAL PRECAUTIONS:

Caution is advised to any hypersensitivity to the ingredient.

Consult your healthcare practitioner prior to use if you have a history of kidney stones or if you are taking any blood thinners.

Consult your doctor or healthcare practitioner if your symptoms do not improve.

PREGNANCY AND LACTATION:

FEMOLENE UltraBerry is not recommended during pregnancy or lactation.

DOSAGE AND DIRECTION FOR USE:

Take one capsule per day.

SIDE EFFECTS:

Frequent: No known frequent side effect on UltraBerry.

Less Frequent: Stomach upset or abdominal pain mostly in case of overdose may occur in some women.

IDENTIFICATION:

Cran-Max® extract encapsulated in purple elliptical/ oval shaped gelatin capsule.

PRESENTATION:

30 Capsules packed in white plastic bottle.

FEMOLENE ULTRABERRY

ONDERSTEUN URIENWEG GESONDHEID

SKEDULERINGSSTATUS:

Sal toegeken word met registrasie.

EIENDOMSNAAM EN DOSEERVORM:

FEMOLENE UltraBerry Kapsule.

SAMESTELLING:

Elke kapsule bevat:

Aktiewe bestanddeel: Cran-Max® 500mg gelykstaande aan 17000 mg bosbessie-ekstrak.

Onaktiewe bestanddeel: Magnesiumstearate.

FARMAKOLOGIESE KLASIFIKASIE:

D18.10 (Ander).

FARMAKOLOGIESE AKSIES:

Cran-Max® is 'n natuurlike, gekonsentreerde, kragtige ekstrak van die hele bosbessievrug. Dit is 100 % afkomstig van die bosbessie en sonder enige preserveermiddels, draers, oplosmiddel, suikers, water, geurmiddels of addisionele kleurmiddels. FEMOLENE UltraBerry is geformuleer met Cran-Max® ekstrak wat oor 'n gepatenteerde tegnologie naamlik Bioshield, beskik. Bioshield beskerm die bio-aktiewe komponente van Cran-Max® teen vernietiging deur die spysverteringstelselvloeiwater in die maag. Sodoende kan die FEMOLENE UltraBerry heg aan bakteriële hare wat bakteriële implanting in die uretrale en blaasvoering verhoed en so help om 'n gesonde urienwegstelsel te onderhou.

INDIKASIES:

FEMOLENE UltraBerry is aangedui as 'n algeheel natuurlike, gekonsentreerde, kragtige ekstrak van die hele bosbessievrug vir die ondersteuning en instandhouding van 'n gesonde urienwegstelsel.

KONTRA-INDIKASIES:

Cran-Max® is teenaangedui by pasiënte / mense met alkoholafhanklikheid of 'n geskiedenis van lewersiekte, diabetes en nierstene.

WAARSKUWINGS EN SPESIALE VOORSORGMAATREËLS:

Versigtigheid moet aan die dag gelê word indien 'n persoon hipersensitief is vir die bestanddele.

Raadpleeg 'n gesondheidsorgkundige voor gebruik indien jy 'n geskiedenis van nierstene het of as jy enige bloedverdunners gebruik.

Raadpleeg 'n dokter of gesondheidsorgkundige as jou simptome nie verbeter nie.

SWANGERSKAP EN BORSVOEDING:

FEMOLENE UltraBerry word nie aanbeveel gedurende swangerskap of borsvoeding nie.

DOSIS EN GEBRUIKSAANWYSINGS:

Neem een kapsule per dag.

NEWE-EFFEKTE:

Algemeen: Geen algemene nuwe-effekte bekend vir UltraBerry nie.

Minder algemeen: Omgekeerde maag of maagpyn, meestal in geval van oordosering, mag voorkom by sommige vroue.

IDENTIFIKASIE:

Cran-Max® ekstrak in pers elliptiese / ovaalvormige gelatienkapsule.

AANBIEDING:

30 Kapsule verpak in 'n wit plastiese bottel.

BERGINGSINSTRUKSIES:

Bewaar teen of benede 25 °C.

HOU BUITE BEREIK VAN KINDERS.

REGISTRASIENOMMER:

Sal toegeken word met registrasie deur Raad.

NAAM EN BESIGHEIDSADRES VAN HOUER VAN REGISTRASIESERTIFIKAAT:

Kenza Health (Edms) Bpk, APD Kantoorpark no 51, Kelvin Straat Kya Sands, Suid-Afrika.
